

The RidgeRock System

Our Base 4x4 Conversion System provides a fast turn around, no frills solution to prepare your Isuzu N-Series for the Mud, Snow, and Ice ahead. Each vehicle passes through a meticulous inspection upon delivery and necessary repairs/replacements are made. It is important to consider the age and condition of your vehicle as only the installed 4x4 systems are covered in your warranty. Please call for more information and recommendations regarding your specific vehicle.

Warranty Information

At RidgeRock, we back up our work with a 2-year Unlimited Mile Warranty on all 4x4 Components. We ensure all wear components in our system will be accessible at most major auto parts providers and can be replaced by a local mechanic. This gives you peace of mind that your truck is serviceable whenever needed. Claims for reimbursement of labor costs must be made prior to repairs for 3rd party services. For more details please reach out to info@ridgerockexpedition.com.
